60 YEARS OF STUDENT TRAVEL

Nacel Australasia has been refining the art of international student travel, for schools and individuals, since 1957. The variety and quality of our Student Travel Language Programs and Discovery Group Travel tours underpins our reputation. We offer linguistic and cultural immersions with host families and schools as well as sport camps, history, art tours and more.

Nacel's international operation has organised the arrangements of more than 2 million students on language and travel programs across the world.

TRUSTED SUPPORT FOR STUDENTS AND PARENTS

Connected and Supported

Nacel Australasia prides itself on its communication and support networks for students, parents, host families and schools.

On-the-ground Nacel chaperones in Europe assist students for the duration of their travel. During your stay, local Nacel coordinators will maintain contact with your school group to ensure your tour is progressing smoothly and are available to provide assistance as required.

Nacel's industry first, communication app called 'Link' allows parents, students and Nacel Australasia to maintain real time contact. The app also stores travel information and has a one touch emergency response for students.

During the travel period, schools, students and their families have direct access to Nacel Australasia via a monitored, 24/7 telephone service. Over 60 years experience with student travel means we are ready to act in any situation.

Discovery Group Tours

Nacel Australasia will prepare tailored Group Travel programs to suit your school's specific curriculum, area of interest, or sporting needs. We work with you to understand your individual requirements and then prepare a tailored itinerary and travel plans for your group. We encourage you to contact us to discuss how we can deliver a unique travel experience.

Group programs can be created to cater for as few as 10 students, or groups of over 50. With all of our Group Travel programs teachers travel free, eliminating any costs to the school and keeping teachers focused on their students and the academic benefits of the program. Some example Group Travel programs follow.
