NACEL

OVER 60 YEARS OF STUDENT LANGUAGE & CULTURAL PROGRAMS

Nacel Australasia has been refining the art of international student travel, for schools and individuals, since 1957. The variety and quality of our cultural and language programs underpin our reputation.

We offer sport camps, history and art tours as well as linguistic and cultural immersions with host families and schools.

With recent restrictions to international and domestic travel, Nacel Australasia has developed a series of Local Intensive Student Immersion programs. These non-residential programs are held over four days in capital cities and are focused on language and culture and also life skills.

In Conjunction With Alliance Française de Sydney

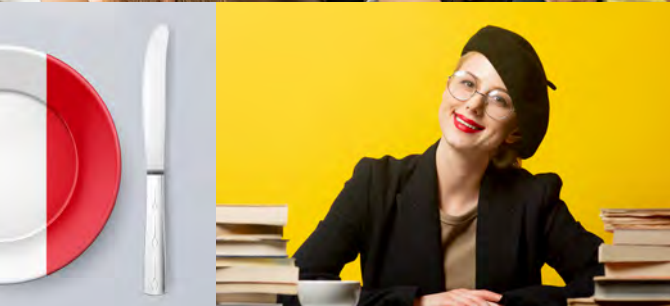

The Alliance Française de Sydney (AFS) is an independent, not-for-profit language and cultural organisation promoting French language and culture. With 120 years' experience in teaching French, the AFS offers a wide range of French courses and services for all levels and ages.

With an ambitious mission to spread the French language and culture well beyond the borders of France, it is one of 834 Alliances Françaises in 135 countries all over the world and the most highly-regarded school for learning French in Sydney.

Nacel Australasia's 2021 French Village will incorporate program elements developed by both Nacel and Alliance Française de Sydney. Objectives of French Village are to:

- Promote the learning and use of the French language
- Enhance the knowledge of Francophone cultures
- Contribute to the cultural and linguistic diversity of Australia
- Develop the students' human skills outside the school classroom

EXPERIENCE THE CULTURE OF FRANCE HERE IN AUSTRALIA

Nacel Australasia's 2021 French Village Program is a French Language and Cultural Immersion like no other in Australia, staffed by native French and fully bilingual staff. The French immersion program delivers an in-country immersion experience at students' doorsteps, by creating a French village, that's like being in France.

From the minute students arrive, they are greeted in French and must converse with other students and program facilitators, as if they were in France. The four day program has been designed to provide students the opportunity for rapid development of their French language skills.

Offered to Australian secondary students learning French, program participants will interact with students and guides in hands-on activities, engaging workshops and language classes, designed to build their knowledge of French culture.

The program promises to add a certain "je ne sais quoi" to students seeking a unique experience during their school holidays.

2021 FRENCH VILLAGE SAMPLE PROGRAM - TBC

The program for 2021 French Village will feature popular regions of France, cultural and culinary features and other key French cultural highlights – e.g. Bastille Day, artists, gastronomy and more. A typical sample of a day is shown below - final program to be confirmed.
